Learning should be a joy and full of excitement. It is life's greatest adventure; it is an illustrated excursion into the minds of the noble and the learned. - Taylor Caldwell

Dear Parents

It is a proven fact that learning is enhanced when it is experiential and fun filled. Educational trips & excursions have always been an integral part of school curriculum as an effective tool for the overall development of the learners. Though the pandemic has disrupted our school calendar of trips & excursions, it has motivated us to think of novel & innovative ways of providing similar experience virtually.

In this endeavor, we have planned a virtual excursion to **UDAIPUR** for the students of classes I to V on **Friday, 18 December 2020 from 11.00 a.m. to 11.30 a.m.**

The link of the same is as under:
