INTERACTION WITH ALUMNI- LETS TALK COVID

Dear Parents

Hope you and your families are safe & healthy!

The right course of action for all times is to **“Prepare and Prevent instead of repair and repent”**. Information is a powerful tool for awareness and goes a long way in prevention. However, in the present times of social media and other digital platforms of communication, misinformation too becomes a matter of extreme concern. As a responsible and pro-active Institution, we at BBPS, Rohini have decided to take this initiative of information sharing on COVID with the doctors, our warriors in the current times.

The session will be held on 1st June 2021, Tuesday at 9.00 am for the students of Classes X, XI & XII. The speaker on the session will be Dr. Abhinav Jain (Batch 2004), a senior consultant with Dharamshila Narayana Super speciality Hospital, Delhi. The objective of the session will be to share first-hand information on Covid 19 which will empower students to deal with the virus better and, clear their doubts and concerns. After all, prevention is better than cure. Kindly attend the session in large numbers to make use of this opportunity.

Google Meet joining info will be shared through class whatsapp groups
