Dear Parents

Career Counseling Sessions for class XI 2021-22

The joy of completing secondary school is often subdued by the anxiety and apprehension over the subject choices to be made next. Students and parents find themselves fretting over an endless array of subject combinations and career options as they step forth towards specialized academic development in class XI. Keeping in mind the need for guidance for higher education, BBPS Rohini aims at not just preparing students academically but also facilitating their journey towards a rewarding and satisfying career. It is imperative for students to identify their aptitudes, interests, career goals and aspirations in order to make well-informed decisions concerning higher education. To assist students in this task, the school has organized an elaborate **Career Counseling Program spanning over 5 days** by experts from the field of Counseling.

A special session has been organized for enthusiastic parents on 9th May 2021, Sunday to understand the nuances of the opportunities available to their wards. The event as planned can only be a success with your dependable cooperation. Student attendance will be mandatory for all the sessions. It is requested that students & parents should log in 15 minutes prior to the session. These virtual sessions are extended as an essential support system, especially curated, for these challenging times. Please find the schedule attached in your ward's Google Classroom for the session 2020-21.

Stay Safe and Healthy. Good wishes & prayers for all.

Warm regards

Geeta Gangwani
(Principal)
