Creative and Constructive Collaboration – FUN A THON

Dear Parents

As we all are experiencing one of the most turbulent times in the history of mankind and India is in a constant fight against the pandemic; the physical and mental well-being of all is of paramount importance. We at Bal Bharati Public School, Rohini have left no stone upturned to optimize the learning opportunities in the most conducive and compassionate ways against the backdrops of challenging times.

In the present times when the children are surrounded by the bulletins of dismay, there is a persistent anxiety that is subconsciously taking space in their impressionable minds. In these sensitive times, we are putting in our efforts to cater to the emotional needs of the children by organizing a virtual Summer Camp involving the students in a plethora of constructive activities like English Conversation, Story Telling, Fitness workout, Cooking Without Fire, Art & Craft, etc.

These activities will be conducted from 10 May to 28 May 2021 and will meet the following learning outcomes-

- Boosting Confidence & Expression
- Developing socio – emotional & motor skills
- Honing Creativity & Innovation
- Inculcating Critical Thinking
- Developing fine and gross motor skills
- Inculcating love for Visual & Performing Arts

I am sure that this creative endeavour under taken by the school will lend a comforting and enriching experience to the students.

Kindly feel free to reach out to us as the current situation demands an influx of positive thoughts, caress and compassion.

Wishing you all a very sound health. Stay indoors, stay safe.

Regards

Geeta Gangwani
Principal

Creative and Constructive Collaboration
