**“Education is not the learning of Facts but the training of the mind to think.”**

**– Albert Einstein**

With the adoption of NEP 2020, it is now accepted, more than ever, that learning experience for a student needs to provide much more than just the acquisition of rigorous academic content. It must, compulsorily, revolve around fostering critical thinking, communication, collaboration, creativity, and other 21st century skills much needed to thrive in this continuously evolving world. The push to prioritize 21st century skills is typically motivated by the belief that all students should be equipped with the knowledge, skills, work habits, and character traits elemental to their existence as productive global citizens. A failure to adequately prepare students effectively denies them opportunities, with potentially significant consequences for our economy, democracy, and society.

With the declaration of an early summer vacation due to pandemic situation in the current session, the school designed the Creative and Constructive Collaboration Programme to keep children involved in meaningful activities thus distancing them, even though momentarily, from the largely looming gloom and insecurity. Our plans were structured by our inventive staff and lovingly nurtured by young enthusiasts from the KATHA group, volunteers from the teaching community, zealous B.ElEd trainees and supportive parent partners who actively spearheaded the programme to invigorate and engage the young minds in a myriad of online activities. These online sessions not just ensured a break free spiral learning but also vouched for a continuous emotional connect with friends and facilitators.

The Online activities planned for the pre-school and the pre-primary students infused liveliness through creative constructs of *Doodle art*, *Little Chef's Day*, *Creative expressions* and *Fun n Fitness*. Every day of the Creative and Constructive Collaboration Programme began with a quality circle time that worked towards forging stronger emotional bonds with the teacher and setting them on a routine of cordialities. Value Yarn and Smart Talk catered to their overall personality development with the Panchtantra Tales elementally shaping their characters. The Creative and Constructive Collaboration Programme claimed success for it built upon the cross disciplinary skills to create young potential futuristic individuals with an enhanced subset of skills to believe in. These skills learnt in the most amazingly fun ways will certainly take them a long way and meet the true purpose of Education.

Please click on the attached link to view our students in action in the Creative and Constructive Collaboration Programme and to view our cherished memories of the Camp, simply scroll down the digital pages.

Unprecedented times curate exceptional solutions. A virtual Summer Camp is our answer to keeping children involved in productive activities. Fun and frolic are the two underlined characteristics of a summer camp. With our designed programme we brought in a third and the most important one, the ability to gather one's self in the toughest of times with the courage to move ahead. Covid 19, global pandemic, brought a halt to what we had taken for granted and over-hauled our complete lifestyle. Just as we had managed the smooth transition from offline to online classes, time now beckoned us to go beyond and bring in more to our online strategies.

The Creative and Constructive Collaboration Programme brought in the fresh perspective to constructively move ahead with the listed activities for the students of Pre-School and Pre-Primary. With our technological farsightedness we successfully brought energetic exercises to all households infusing a systematic routine to the tiny tots through the Fun n Fitness Day. Virtual activities like Creative Expressions, Doodle Arts , Fun n Fitness Day, Little Chef's Day , to name a few, were streamed online and left the students feeling well invested within the cosy comforts of their homes.

It gives me immense satisfaction to bring you the glimpses of the Summer Camp in this online edition. Through these virtual interactions, students not only got a chance to enhance new skills, but also enjoyed the much needed moments of relaxation, discovery and joy.

I would like to thanks Neetu mam for the wonderful time my daughter had so far at summer camp organised by the BBPS Rohini.

She enjoyed all the daily activities. It's been a great approach for the kids to mingle in the current epidemic situation as the get bored at home by looking at the same faces again and again.

**Ariha(mom)PP A**

It has been really a very tough time for me and my family but a creative step of BBPS made it easier to face. The Summer Camp - Fun A Thon has been an awesome experience for kids. In this challenging time of 2nd wave of Covid -19 , this camp has proved a platform where the kids as well as the whole family found some moments to forget all the worries and enjoyed together whether it was Mother's day or Eid celebration. Kids participated in all activities with great enthusiasm like Doodle Art , Story narration , being little chef , paper tearing and pasting etc. They found a way to meet their friends virtually and learn new life skills. A lot of thanks to the Team BBPS for such a beautiful initiative and a very special thank to Vibha Ma'am for her care, love and affection she shares with children. 🙏🙏

**PS E SHIVANSH PURI**

Thank you Ritu Mam for making me comfortable in the beginning of session, now me n my son is super excited to join all classes. Shivansh wakes up n his first word is 'Mam ki class krni h'. He loves doing every activity. He has learned new words too. He loves to do prayer 🙏 along with roly polly, he keeps on doing it full day 😊 Thanku mam for being so supportive to kids n parents too. He don't like to colour pages n things but slowly he is liking to do painting work in these virtual summer camp. Awaiting for more such fun in future. Regards, Sonam puri Shivansh puri mother. 🙏

Kadambari Malhotra...

Summer camp is a great opportunity to explore new things & learn different things <sup>100</sup>

\*Thank you BAL BHARATI PUBLIC SCHOOL(Rohini) and Our Respected Class teacher \*BHAVYA MALHOTRA MAM \* ( PRE -PRIMARY -E)

I would like to express my Gratitude to you and a Big thank u for the amazing experience that u gave to my daughter (Raadhya Malhotra) through this summer camp ❤️

She is really enjoying these fun filled activities 🚗

The school has been off but our kids learning hasn't. 🕒 📖 📚 📕

I am extremely grateful to BHAVYA MALHOTRA MAM and thank you so much for being so thoughtful and making the things easy for the parents.

\*U have planned everything in such a thoughtful, mature and wise manner & I wanted to acknowledge how beautifully the school has managed to help us in this difficult times \* 🙏

Blessed to be a part of BAL BHARATI PUBLIC SCHOOL 🙏🥰

## Nyra PSA

Thankyou Neetu ma'am for your efforts. I know it is difficult period for everyone in the world.Covid has taken a toll in our lives.Imagining a normal soon seems a dream.I, myself was in favour of delaying the virtual sessions for some time to overcome our stress due to covid.But,teachers are doing an amazing job .They too are on the same plane but still every morning they smile and are ready for their virtual sessions.That is commendable.Seeing the

TODAY

It has been a great initiative by BBPS, Rohini to start the Creative and constructive collaboration program - FUN A THON for the kids since it keeps them engaged in several activities enhancing their overall development.

This program was need of the hour as kids are restricted at home due to pandemic and sometimes become clueless as to what they should do during the day. With this program, new activities are being conducted in the class giving us different ideas to pursue at home too. I, specifically, thanks Rhythm ma'am for focussing on each and every kid and their respective activities.

Thank you  
Mother of Kaira Saluja  
Pre-Primary C

## Nirvi PSA

The journey of this summer camp program is really a great learning experience for my child. It is helpful in enriching child creativity, who has never been to school. It's all possible because of shear hard work and support of Neetu ma'am. Especially the way she encourages the child to make things work. Her one to one interaction, make the child very comfortable. Thanks for organizing such a wonderful camp.
