### CIRCULAR

Dear Parents

The school is committed to take all necessary measures to safeguard the health of students in these testing times with the recent global surge of COVID -19 cases and the detection of the Omicron variant which has been categorized as a variant of concern ( VOC ) . With reference to circular (vide D. O. NO .2467806/2021/1MM Dated 31/12/2021) vaccination of children in the age group of 15-18 has started from 3/1/22. The DOE circular is also being shared for your reference.

It is therefore a humble advice to all the parents of students falling in this age group to get the vaccination of their wards done at the earliest. **Once done, you are requested to inform the class teacher immediately as the status of vaccination of students needs to be updated to DOE on daily basis.**

Hoping for your cooperation.

Regards
