Date: 27.04.2022

PERIODICAL ASSESSMENT I

CLASSES IX, X & XII

SESSION- 2022-23

Dear Parents

The school has welcomed back the students with open arms in April '22 for the new session 2022-23. The school walls are resounding with the gleeful noises of children around us. An exhaustive planning was done to conduct a bridge program with an aim to fill the learning gaps created during pandemic times. The school is working in full swing now and care is being taken to ensure smooth functioning of academic progress.

Assessment and evaluation of learning is an integral part of the school curriculum. An assessment has been planned in the month of May'22 for the students of classes IX, X & XII. This will include the topics covered in the bridge program along with the syllabus covered from April'22 to 7th May'22. The question paper will include Multiple choice questions along with one and two liner question answers. Please note the given datesheet and help your wards prepare accordingly.
