Namaskar!

Dear Parents

The summer vacation of the school will commence from 14 May, 2022 and with it will start the recreational and relaxing phase for the young children for session 2022-23. To make the most of this time, the children need to be engaged in meaningful extra-curricular activities that offer unique opportunities to learn with enthusiasm and interest. Such activities not only channelize their energy but also facilitate personality development and mental fortitude. Knowing that our students are spending the summer time at home, we are organizing engaging, educative, exciting and creative fun sessions for the young enthusiasts of classes Pre School and Pre Primary from **23 May, 2022 to 27 May, 2022**.

Here is a sneak peek into the various ebullient sessions which aim to **recreate fitness and mental well-being** of the tiny tots and provide experiential learning and resourceful enrichment activities daily from **09:30am to 10:30am**.
