Dear Parents

The school strictly adheres to its policy of safeguarding the students against the use of mobile phones in the school premises. In the past two years of pandemic driven virtual schooling, mobile phones became an integral tool for learning. The school reopened physically for the students in April 2022 and the students are well settled by now. The arrival and departure issues of the students have also been resolved. There seems to be no further requirement of mobile phones to be carried along by students. You are requested to ensure that your ward does not carry mobile phone or any other electronic device to school.

In case a student is found carrying a mobile phone or any electrical device to the school, the same will be confiscated and will be returned only at the end of academic session 2022-23.

Your cooperation is solicited.

Regards

Geeta Gangwani
