

**VERIFICATION OF STUDENT DATA FOR
CBSE REGISTRATION FOR CLASS IX**

Dear Parents,

Registration of students with CBSE in Class IX is a very significant process which is mandatory as well as important for students, as they all will be appearing in Board Examinations in 2023. The data collected and registered will be printed in the SSE Certificate issued by CBSE. You are therefore requested to visit school in the prescribed slot below for verification of parents and student data. Please bring the following documents for verification-

1. **Aadhar Card of both parents (either of parents can carry a Photocopy or original of Aadhar card for both parents.**
2. **If a passport is issued for both or any parent (copy is required).**
3. **Adhar card and passport copy (if issued) for the student.**
4. **A cheque of Rs300 in favor of "Bal Bharati Public School" for CBSE registration (no cash will be accepted)**

Kindly treat this as important to eliminate the request in future for making the corrections. The process is very tedious for correction once the LOC is finalized. The teachers will guide you for the process of getting the data corrected if need be.

Please visit the school as per schedule given below. Kindly follow the covid protocols while visiting the school premises. (ONLY one parent can come for verification of data with all the documents)
