SWIMMING POOL FACILITY

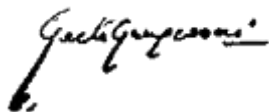

Dear Parents,

Child Education Society, the apex body of Bal Bharati Schools, strongly believes in promotion of games & sports which are crucial components of holistic education. Swimming is a winning combination as it promises multiple benefits. It is not only a great recreational activity but also relaxes our mind, apart from being a great exercise for our body. It builds endurance and muscle strength and maintains cardiovascular fitness. It also teaches children to persevere through challenges and multitask shaping them into responsible citizens.

Reiterating the importance of swimming as a sport, Bal Bharati Public School, Rohini is happy to announce that the swimming pool in the school premises is now ready for use. The swimming pool has been upgraded with vibrant and colourful outer shower area, state -of -the-art changing rooms & shower rooms and the reception.

We would commence the swimming classes very soon. Meanwhile, we request you speed up your preparedness by procuring / arranging the swimming costume, goggles and head wear for your child.

We thank you for bearing with us in our endeavor to provide the best of facilities to our students both in curricular and co-curricular areas. Your cooperation and support is highly appreciated.

Geeta Gangwani

Principal
