

### ***FROM THE PRINCIPAL'S DESK***

***Courage doesn't always roar. Sometimes, it's the quiet voice at the end of the day that says, "I will try again tomorrow."***

***- Mary Anne Radmacher***

It is once again the time of the year when we revel in the joy and celebration cheer with excellent results of SSCE & SSE conducted by CBSE. These moments are the fruition of the entire year of uncertainties and challenges handled with sheer courage and hard work by our dear students. I would like to congratulate each and every student who appeared for the Board exams, strived hard to perform in the never before term-based exams and exhibited perseverance and consistency. The struggles were unprecedented and so was the grit exhibited by the students. They took the highest score to newer heights and better averages. I am proud of not just the scores that will be reflected on the honours board but also the way my students waded through difficult waters and emerged triumphant.

As we appreciate the winners when standing proud on their victory stands with well-deserved applause, the truth is that our fighters need our kind words and encouragement more when they are sweating it out on their turf before the show. And, for this I would like to acknowledge the distinctive assistance and moral support extended by the parent community. Cascading effects of COVID pandemic, switching between online and offline teaching and constantly changing Assessment schemes- all were overcome with ease because of unstinting support of the parent community. We all, at BBPS Rohini, are grateful for the same and hope to continue with such an enriching partnership. I would also like to congratulate my staff for having risen to the occasion and for building up the required skills crucial for the new norms. After all, the best teachers are the ones who are lifelong learners too. Kudos to the collective effort and enterprise.

And, finally, as I bid goodbye to another batch of amazing kids with great potential, I would like to advise them to keep hold of this courage that they exhibited so far. Don't get intimidated by the challenges however daunting they may appear to be. Just say quietly to yourself- I will try again. May you reach the pinnacle of success and find your place of bliss.

***“The will to win, the desire to succeed,  
the urge to reach your full potential...  
these are the keys that will unlock the  
door to personal excellence.”***

**Confucius**

In this era, education is the master key to unlock numerous doors of life. A value in good education is important for each and every one of us in order to have a better and successful life. Academic Excellence, in my opinion, is the maximum development of one's intellectual capabilities, and the skills in service that one can contribute to humanity. Therefore, it is combination of academic accomplishment and its usage to make a productive contribution to society.

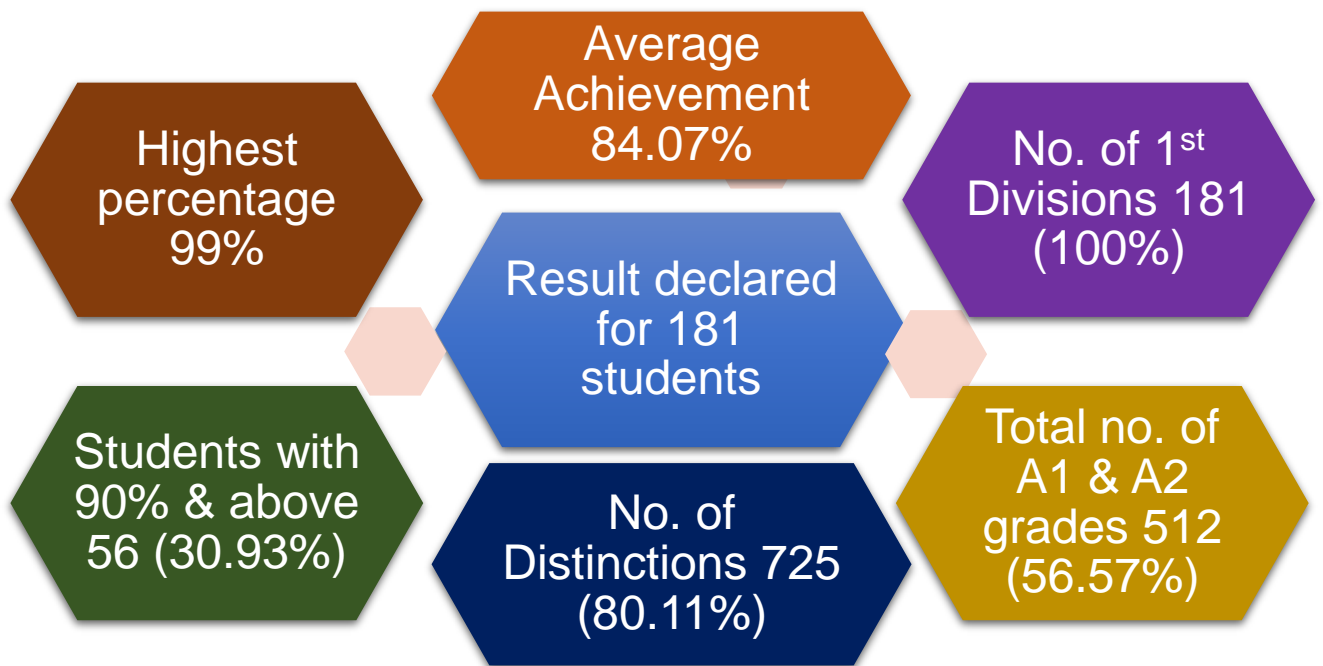

Bal Bharati Public School, Rohini, works with an aim to enhance knowledge acquisition of learners and also to provide them with a plethora of opportunities to develop and hone 21<sup>st</sup> century skills. Learners are provided with an environment that fosters the development of a community that can grow intellectually, socially, and ethically, and is therefore able to pursue successful and fulfilling careers.

I feel overwhelmed at the outstanding achievement of our students in the class X and XII CBSE board examinations. It is commendable that our students across all streams have reached the zenith of success amidst the challenges posed by the pandemic. All this was possible not only with the hard work and dedication of the students but also the undeterred support of the parents. Their unflinching effort in keeping the kids motivated and judicious use of technology has been a great support. With great happiness and pride, I congratulate my dear students, parents and the faculty members for their exemplary performance.

We bring to you the highlights of the impeccable and praiseworthy achievements of the students. I wish them all the best for their future endeavours.
