INTRODUCING "High Performance Kids" Programme

To give the children an amazing experience at an early age, it's important to let them start discovering themselves. In this endeavour, the school proposes to initiate "High Performance Kids" programme for students of Classes III & IV in collaboration with "Primary Plus Research Academy".

The programme would be of **40 hours** with following **Key Points:**

- Understanding 3D
- Understanding Maze
- Coding basics and understanding Directions
- Coding thru Kinesthetic activities
- Mental Maths thru vedic Maths
- Shut the card – a game through cards to improve mental maths
- Understanding Patterns
- Understanding Tasks
- Understanding Flowcharts
- Basics of Coding through board games

The nominal registration fee of Rs. 3000/- will be charged for the entire program.

- One hour session will be conducted twice a week from **October 2022 to February 2022** within school timings.
- The programme will be conducted by expert resource persons from Primary Plus Research Academy. All Equipment and material will be provided by them.
- Interested students to pay registration fee by cheque in favour of Bal Bharati Public School, Rohini latest by 21 September 2022 to the respective class teacher.
- After successful completion certificates will be awarded to the students.
- Your endeavour will help in honing futuristic skills in your child.
