Dear Parents

The school is hosting the Annual Carnival after a gap of two years. It is expected to be a gala affair and we are soliciting a great cooperation in this regard from the parent community. The purpose of hosting this event is to encourage and promote personality development and inter personal skills in students. On the request of students, the date sheet of Periodical II (Term II) is being changed so that the students participate in all the scheduled events with a free mind. Kindly note the changes and help students prepare accordingly.
