"The old order changeth, yielding place to new,
And God fulfils Himself in many ways,

Lord Alfred Tennyson

There cannot be better lines that describe how powerful time is and how the old yields place to new and how the cycle of life goes on. Time moves on with its own speed every single day and seconds turn into minutes, minutes into hours, hours into days, months and years. We take note of this only when we come face to face with major life events, the milestone that stroke the steady moving boat of our life. This is exactly that moment for all of us when we gather to say goodbye to two of our colleagues- Ms. Meera Wadhwa (HM, Middle) & Ms. Maya R.Koushik (TGT Hindi).

These two have been the pillars of strength and support to all of us over the years for we could always look up to them when in need. They are the ones who take initiative actively and can engage stakeholders enthusiastically. Their presence has played a significant role in bond building and strengthening the school's growth. They have played instrumental role in school's trajectory to height of success and glory.

Retirement is said to be the time to enjoy all the things you never had time to do when you worked. So, dear ladies, I sincerely hope that you engage in fulfilling and rewarding experiences post retirement and live an enriching life. May you reinvent and create a new version of yourself.

“How lucky I am to have something that makes saying goodbye so hard.”

AA Milne

We all have been very lucky to have colleagues who have become friends and family both and with whom we have had over 25 years of association. This is the very special bond that was formed between us and Ms. Meera Wadhwa. It gives me such mixed feelings as the parting time from her draws near. The heart refuses to accept it but the mind keeps reminding that to part is to happily let the loved one take onto the next phase of their life's journey with memories of moments spent together.

The farewell day marks the celebration of her dedication and contribution towards the school and also honours the invaluable support extended by her as a very dynamic member of the team, a strong pillar in the institutional framework in delegation, implementation and execution of tasks. She will surely be missed by the student fraternity for the mother like affection.

Her journey from being an Assistant teacher to the first Headmistress of the school who efficiently headed Middle Department and her long and rewarding journey of success is exemplary for all. She has always been a very diverse personality; one who would be a reflection of the youth when with them and a very wise persona with those of her age or older.

She always carries a smile on her face and never misses a chance to check upon the welfare of her fellow colleagues. A true inspiration to all, you will always be missed and recollected in the best memories with love and laughter.

Wishing you a very healthy and fulfilling life ahead.

Message From Middle & Senior Department

Dear Meera Ma'm

We bid thee farewell

With eyes that glitter not with tears

But with memories that we'll cherish for years.

We bid thee farewell

With heart that swells up not with fears

But affection and guidance, undeterred,
since years.

We bid thee farewell

With smiles that warm up at your mere sight

And a promise of meeting again with all delight.

We bid thee farewell

And wish you all the best

You've fathomed and mastered

Life's all test.

Your department will miss you dearly, Ma'm.

Enjoy your 7 day weekends. Wishing you a very happy and healthy future.

“Retirement is not the end of the road. It is the beginning of the open highway.”

Dear Meera mam,

As the time comes to say goodbye, what amazes us the most is how fast the time flew. Was it 20 something years ago or yesterday when we had stepped into this under construction building called BBPS, Rohini and got our time tables from you? Today, as you gear up for the second inning of your life, all these years flash by us and remind us of all golden memories, good times and bad times that we lived together. Mam, you have been a very competent, organised administrator. We have learnt so much from you and continue to learn even today. Multitasking has been your forte and your room was the place where we could find all that we were looking for- things and advice.

We would like to wish you equally fun filled and enriching experiences ahead. May this new journey with no timetable for the day bring greater joys, interesting tasks and leave you with smiles. Have a great retirement life ahead.

HAPPY RETIREMENT.

Poem For Farewell

Goodbyes are harder to say,
All we want is you to stay
Be here with us and share
Show us how much you care
Tell us tales of wisdom abound
Guide us to where joys are found

Goodbyes are harder to say ,
All we want is you to stay
Be beside us to walk along
Hold us , tight and strong
Be our mentor , our inspiration
Also a constant motivation

Goodbyes are harder to say,
All we want is you to stay
Teach us various skills of life
And how to consistently strive
Support us in our highs and lows
Caress us in the toughest blows

Goodbyes are harder to say
And journeys remains ,
As you steer into another way
To you the humblest gratitude we pay

Yet another time , our hearts sway
As you decide to go away
Goodbye our dearest Ma'am
Just wish you could just stay
A little longer, for another day !
