EVOLVING ERA OF EDUCATION DURING 2020

MONIKA SINDHWANI

"Creativity is as important as literacy", the quote rightly sums up the relevance of changing Trends and Techniques of Educating in the present world. Education is evolving due to the impact of the Internet. We cannot teach our students in the same manner in which we were taught.

There was a standstill in education in India the moment the lockdown was announced in March 2020. Not much of people were really having the know-how of ONLINE EDUCATION. But yes, "Necessity is the need of invention". Hence started the new platform of envisaging education through ONLINE MODE. Through online mode we could even reach out to and provide Quality Education in the remotest part of the country. The year 2020 was a boom time for the constant learners like me. Though, Technology and Multimedia were always a part of my classroom but I had never taught students virtually. It was a time to go ahead and embrace the new system in Education. I discovered it wholeheartedly with my unyielding spirit. I got acquainted with GOOGLE MEET, ZOOM and MS TEAMS, where I taught my students (remotely). I explored various sites for building up interactions in virtual classrooms which include KAHPOD, FLIPGRID etc. I used different sites for simulations like PHET, JAVA, TESLA LABS to conduct Lab Practicals virtually. The simulations not only provided relevance of the content to my students, but also added fun to the learning process. My students were able to correlate the theory concepts acquired, with practical based skills.

Working with students using INTERACTIVE WORKSHEETS was an equally enthralling experience, wherein the participation of the entire class could be witnessed simultaneously. There was no doubt some initial glitches but everything started falling in place as time passed by. We have all become first, proactive and comfortable with the new normal and now is the era of Blended and Cooperative learning together. The students are learning easily and that too faster. Teaching through ICT techniques, we can show illustrations, videos, GIFs and what not. Besides teaching remotely through the ICT techniques, we can assess and evaluate our learners continuously by using varied tools like online QUIZZZ, KAHOOT and GOOGLE FORMS etc. The students not only imbibe the concepts better now but also are able to analyse their performance alongside. The things we used to think will waste our time for classroom teaching, have turned out to be so beneficial in teaching as it aids the teaching learning process so very well. So rightly mentioned by Einstein, "Education is not the learning of facts, but training of the mind to think".

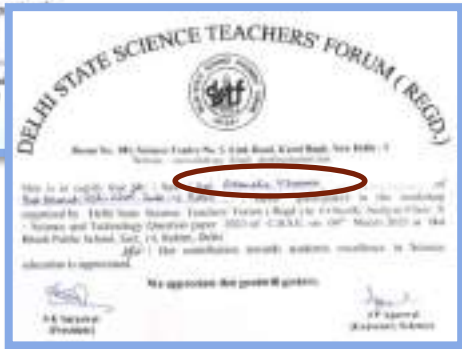

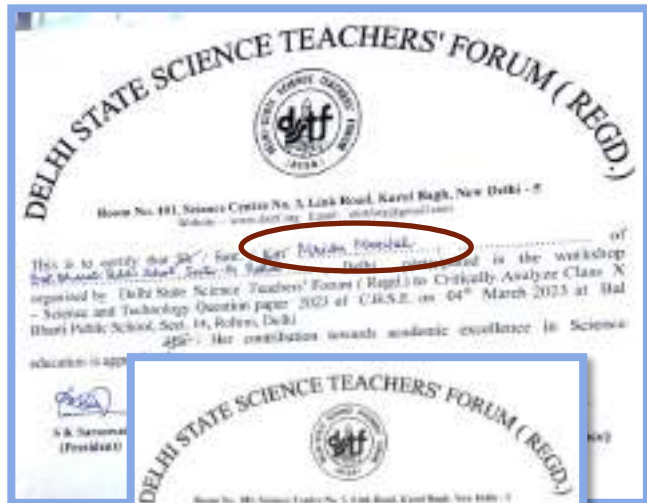

The year 2020 thus has marked the beginning of a new ERA in Education making it more student driven and focusing on building in them the necessary competencies!

The Author is PGT (Physics),

WINTER CARNIVAL, 17 December '22

BBPSRH hosted the extravagant Winter Carnival themed Azadi ka Amrit Mahotsav on 17 December 2022. The day was marked by high energy cultural performances and myriad games, shopping stops, music & dance and foodstalls. Cavalcade with its glimpses on the glorious journey of India's independence and Art installation of replicas of the Taj Mahal and the Lotus Temple symbolizing the rich Indian heritage were applauded by all.

The Carnival fabricated its own uniqueness through the novel inclusions, namely, AR/VR stall, a fun-filled Kids Zone and Camel Ride.

The other attractions of Meena Bazaar- a shopping arcade, amazing camel ride game stalls, multi cuisine food stalls, Baby Show, Tambola, Flash Mob, DJ and Kaun Banega Luckpati drew a large number audience.

An aerial, slightly blurred photograph of a school carnival. On the left side, there is a large, colorful structure with pink and orange sections, possibly a slide or a play area. The ground is paved, and there are some people walking around. To the right, there is a large green field, likely a sports field. In the background, there are some buildings and trees. The overall scene is festive and active.

HIGH-PERFORMANCE KIDS PROGRAMME

BBPSRH in collaboration with Primary Plus Research Academy is conducting the High-Performance Kids (HPK) Programme for Classes III & IV. The programme aims to train the students in key five computational concepts of coding through spatial and logical games and activities that teach computational speed ,enhance the critical thinking ability in students and also develop in them understanding of the importance of patterns that form the basis of Artificial Intelligence. The 40 hours programme started from October 2022 with emphasis on : Understanding 3D & Maze , Coding Basics, Directions. Coding through Kinesthetic Activities, through Vedic Maths, Patterns & Tasks , Flowcharts And Basics Of Coding through Board Games. 83 students have enrolled in HPK that eliminates exposure to computers , hence ,no screen time is involved.

"Happiness is Not By Chance, But By Choice"

Happiness differs for different people in different ways. Most people feel positive emotions when they are happy. Happiness means the mental state of a person. It is vital for healthy and prosperous life. Happiness is all about being joyful.

Real happiness is not difficult to attain if a man loves his need and is happy with whatever he has. There is a belief that money can buy happiness. If it was true all the rich and famous people would never feel sad. Happiness is a feeling that comes from within. It cannot be bought from money and cannot be found in others.

People can find happiness with the help of positive emotion, which can be obtained from good things. In simple words we can define happiness as a state of mind which cannot be achieved by the things we see around.

Shravya Bansal VIII-A

HAPPINESS IS IT

Happiness is something that comes from the heart and the soul. It is not a material thing. It is a feeling that comes from within. It is not a material thing. It is a feeling that comes from within. It is not a material thing. It is a feeling that comes from within.

Aarav Singh VII-B

Happiness is a feeling that comes from the heart and the soul. It is not a material thing. It is a feeling that comes from within. It is not a material thing. It is a feeling that comes from within. It is not a material thing. It is a feeling that comes from within.

Harshita Singh VII-B

Happiness is a feeling that comes from the heart and the soul. It is not a material thing. It is a feeling that comes from within. It is not a material thing. It is a feeling that comes from within. It is not a material thing. It is a feeling that comes from within.

HAPPINESS

As we now know that we cannot buy happiness with money and there is no other shortcut to happiness. It is something that you feel from within. Moreover, it can only be achieved by being positive and happy. Happiness is basically a state of mind. And if we look at the bright side of our lives, we will find that we are avoiding any negative thought in mind. And if we look at the bright side of our lives, we will find that we are avoiding any negative thought in mind. And if we look at the bright side of our lives, we will find that we are avoiding any negative thought in mind.

Ananya Khill XII-D

Grandparents' Day celebrated at BBPS, Rohini

Pre-primary department of Bal Bharati Public School (BBPS), Rohini, celebrated Grandparents' Day. The chief guest for the event was renowned Hindi author and poet Ashok Lav.

The event began with a prayer and the lighting of the ceremonial lamp. The tiny tots presented various cultural activities such as rhyme presentation, a song dedicated to grandparents, Goa dance, bhangra and a dance on diversity of India. The grandparents took part in various fun games and won special prizes.

The grandparents took part in various fun games and won special prizes

Principal Geeta Gangwani emphasised the importance of school and grandparents' partnership for holistic development of children.

carnival fabricated its own uniqueness through the Meena bazaar- a shopping arcade, amazing camel ride and other adventurous rides, game stalls, multi-cuisine food stalls, nail art, selfie corner, scintillating stage show, dance floor and many other events that attracted a large number of guests. Nikhil Channa, president, of CES and chairman, of BBPS, Rohini; and other dignitaries of the Child Education Society graced the occasion. They also appreciated the efforts of the principal, Geeta Gangwani, staff and students in making this fanciful event a grand success.

MOVABLE JOINTS

THE PIVOT JOINT

- The uppermost vertebra in the neck is called **ATLAS**.
- This joint helps to move sideways, upward and downward.

A female teacher with dark hair, wearing a black patterned jacket over an orange top, stands to the right of the screen, pointing at the text on the presentation.

Two young boys are seen from behind, sitting at a red desk in the foreground, looking towards the teacher and the screen.

A wooden desk with a red top is on the right side of the frame. On the desk, there are various items including a white ball, a blue folder, and some papers. In the background, there is a tall grey metal cabinet.
