

BBPSRH/Parents/2023-24/22

Date: 06-05-2023

Dear Parents,

(Artificial Intelligence) in Class IX (Session 2034-24)

We stand on the edge of a crucial moment in the history of our species- a time when a creation of our own inventiveness has the potential to change everything. We are entering the age of Artificial Intelligence (AI).

AI is no longer a futuristic technology but is increasingly integrated into the realm of our daily life in form of Google maps, Alexa and Siri. BBPS Rohini is steadfast in its commitment to nurture citizens who are well informed and future ready. In this endeavor, the school has continued to offer AI as a Skill subject to students of class IX since 2020-21.

This enables students to

- Identify and appreciate Artificial Intelligence and describe its applications in daily life.
- Relate, apply and reflect on the Human-Machine Interactions
- Imagine, examine and reflect on the skills required for futuristic job opportunities.
- Unleash their imagination towards smart homes and build an interactive story around it.
- Understand the impact of Artificial Intelligence on Sustainable Development Goals to develop responsible citizenship.
- Research and develop awareness of skills required for jobs of the future.

The Scheme of evaluation of skill subject ARTIFICIAL INTELLIGENCE (SUBJECT CODE - 417) is as follows:

- Total Marks: 100 (Theory - 50 + Practical - 50)
- The new subject will be treated as a separate Skill subject in class IX.
- For further details please refer to CBSE Circular No: Skill-01/2023

Students interested to opt AI in class IX should inform their class teacher about the same.

Regards

Team BBPS, RH
