

Inclusive club activity:

Date: 8.7.24

Venue: 9 C

Time: 8th and 9th period (12:25-1:30)

Facilitated By: Ms. Radhika, Ms. Aprajita and Ms. Anushka

Participants: CWSN students along with their peers

About the session:

The purpose of the inclusive club was recapitulated for the students as discussed previously. Each CWSN student was paired with a peer for support and interaction. As an ice-breaking activity to help all students settle down, a small movie clip was shown. Afterward, the students were guided to initiate interactions with the CWSN students, getting to know them, their likes, dislikes, etc. A few of the CWSN students also volunteered to come forward and share about themselves. This activity was designed to help initiate first contact and develop a bond for peer support for CWSN students, as well as to sensitize everyone to their unique experiences, aiming to bring them on par with all.

Date: 16.7.24

Venue: 9 C

Time: 8th and 9th period (12:25-1:30)

Facilitated By: Ms. Radhika and Ms. Anushka

Participants: Club Students (Around 10 students)

About the session:

The session began by recalling the experience of interacting with CWSN students from the last session, focusing on what the students learned and the difficulties they faced. The challenges faced by the CWSN students, which make them more susceptible to discriminatory attitudes and behaviors inside and outside the school, were discussed. Further, extensive discussions were held on ways to eliminate this discrimination in terms of people's attitudes, facilities, etc., both within the school environment and outside. This aimed to sensitize peers to the experiences of CWSN students.
