

## Library/wordsmith club activities for the month of July

### Book Reflections: Poster Design Activity

The Wordsmith Club held an engaging and creative activity, "Book Reflections: Poster Design Activity," for Class VIII students on Wednesday, 10 July 2024, during the zero period. This unique activity aimed to combine artistic expression with literary appreciation, allowing students to showcase their interpretation of a chosen book through a visually appealing poster. The posters were to reflect the students' personal views and interpretations of the books, emphasizing creativity and comprehension.

### Magical Creations: Harry Potter

The Students of class 6 embarked on a thrilling adventure into the enchanting realm of Harry Potter, J.K. Rowling's beloved book series. Our young readers delved into the magical world, crafting their own unique wands, conjuring spells, and bringing iconic characters to life through art. This immersive experience not only fostered a love for reading but also encouraged imaginative thinking and artistic expression among the young participants.
