**Brief Description of Activity:**

On 25<sup>th</sup> October, our school organized a Diya Making Activity for students to celebrate the festival of Diwali. This event was designed to encourage creativity, teamwork, and cultural understanding among students while highlighting the significance of Diwali.

Students from different grades participated with enthusiasm, bringing plain clay diyas and a variety of decorative materials like paints, glitter, mirrors, and sequins. The activity began with a brief introduction to Diwali and the tradition of lighting diyas to signify the triumph of light over darkness. Teachers demonstrated various diya decoration techniques and guided students throughout the activity.

The students enjoyed transforming the diyas into colorful, vibrant pieces of art. Their creativity shone as they added their personal touch to each diya, resulting in a beautiful array of designs that captured the spirit of Diwali. The Diya Making Activity was a huge success, promoting artistic expression and reinforcing cultural values in a fun, engaging way.
