Dear Parents

Rhymes teach children how language works. It helps them notice and work with the sounds within words. Rhymes help children experience the rhythm of language. As they recite rhymes they learn to speak with animated voices. Someday they'll read with expression, too. When actions are linked to words in the rhyme, it helps boost motor skills and improves rhythm and movement. It also improves memory, concentration, spatial intelligence, and thinking skills.

RHYME - SIX LITTLE FISHES

 Ask your child to recite and enjoy the rhyme.

LINK- <https://youtu.be/hEUf2f1GdtU>

Six little fish that I once knew
fat ones, skinny ones, big eyes too
but the octopus came and
scared them off, BOO! BOO!
Swim away.
Doo doo, doo doo...
Doo doo, doo doo..
Go, go, go away octopus!

LET'S HAVE FUN

Help your child to make a paper fish craft using an old newspaper cut out. You may follow the given link.
