

20 April 2020

Revised Schedule for Assignments

Primary Department

Dear Parents,

Hope you and your families are healthy and safe

You are already aware that **connected classrooms** is being successfully used as the digital learning platform for the Primary classes and assignments are regularly being sent through **SNAPHOMEWORK**. With the extension of Lockdown period up to 3 May 2020, the school administration has reviewed the status of syllabus and other issues of concern while the students are still away from the school & peers. The timetable chalked out for students covers scholastic subjects as well as co-scholastic subjects like Arts , Dance , Music and Physical Education. Considering that inculcation of desirable 21st Century skills like Critical Thinking, Problem solving, Creativity & Innovation is crucial to nurturing futuristic citizens; the BBPS faculty has thoughtfully designed **worksheets on Creativity & Critical Thinking (CCT)**. We hope you will appreciate the efforts of the faculty. We look forward to your feedback through school mail on this new endeavor and on the Online teaching in general. Your valuable feedback will be a source of improvement for us. The revised Schedule for assignments is attached herewith. Seeking your cooperation to ensure that your ward completes all assignments timely under your able supervision.

GEETA GANGWANI
