Dear Parents

This Lockdown all over the world is indeed a testing time. It has restricted us physically, socially and emotionally. But, space and travels have been redefined with the advanced and appropriate use of technology. We at Bal Bharati Public School, Rohini seek to use the very technology to bring Virtual classes and effective learning to your wards. We take this moment to introduce **E-Counseling session: Orienting the journey of grade X**, by the school counselor to our students. This session aims to help **relieve stress** and **reorient** students to **healthy lifestyles**. It would also aid in streamlining the students' priorities and **reaffirming** their dedication to **structured learning**.

Your ward is required to log onto **meet.google.com/tpu-gamk-udi** on Saturday, 25 April 2020 at 11:00 am, sharp, through their G Suite ids provided by the school.

Looking forward to an active participation.

**Stay home. Stay safe.**

**Warm Regards**  
**Geeta Gangwani**  
**Principal**
