

PRE-PRIMARY PARENT LETTER – MAY 2020-2021 THEME – THINGS AROUND ME

Namaskar Dear Parents,

In the beginning of the new month, we will discuss about the theme" Things around me". We will provide lot of opportunities to our children to express themselves, discuss about the places they see in their surroundings and many more.

Remember that, less is more in the beginning; we had more child directed activities in last few months so that we spend more time to interact with and get to know each child. We will be working on improving their confidence and will help to make them more expressive and self-reliant.

During the month, we will jointly work on areas of skill development for children.

Personal & Social Skills

- Greeting Elders
- Taking turns & Playing together
- Sharing
- Use of three Magical Words (Sorry, Thank You and Please).

Communication Skills

- Thought of the day
- News of the Day: to be discussed at home
- Description of his/her immediate surrounding
- Interaction with Peers and Teachers

Cognitive Skills

- Concept of immediate surroundings.
- Places we see around us like Malls, Schools, Hospital, Market, Railway Station etc.
- Fruits and Vegetables of the Summer Season
- Role of sun and benefits of the Sunlight in our lives.

Music and Movement-Rhymes/Songs

- Make your child speak few lines about surroundings (choose any one).
- Talk with your child about the information related to themselves age, house number, number of family members, etc.
- Sing songs and poems related to the topic.
- Read to your child- short and simple sentences related to the theme every day.

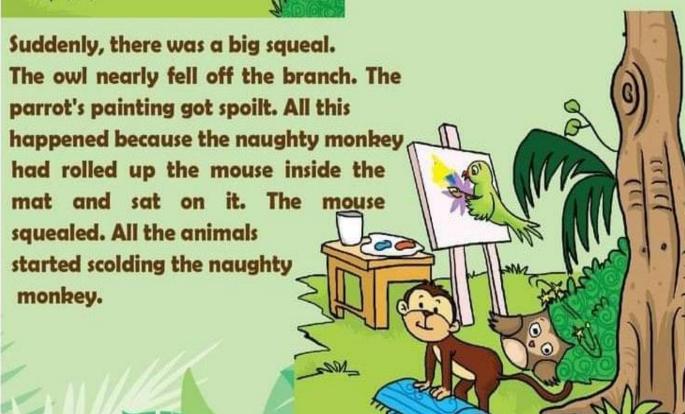

We are very excited to make your child learn and grow with us. We will like to thank you for your support. Please feel free to contact us with any questions, concerns, suggestions, and feedback through class whatsApp groups.

Team Pre - Primary

Aman always wanted to learn to ride a bicycle, but he was afraid of falling and hurting himself. One day, he gathered the courage to try. He went to the park with his father and started learning, but he kept falling. At the end of the evening he gained confidence as he was able to paddle and cover a little path by riding. He continued his riding lessons. He kept falling and hurting himself, but didn't stop. By week's end, Aman learned to ride the bicycle as well as the moral, "Try and try till you succeed".
