TIME TABLE – ONLINE CLASSES

"Learning is not attained by chance, it must be sought for with ardor and diligence." Abigail Adams

Dear Parents,

The COVID-19 challenge is unprecedented. In the current pandemic escalation scenario, there is uncertainty regarding the reopening of schools. The surge in the cases due to the infectious virus has made it imperative for the students to remain confined to their homes.

Education connects people, and in the current circumstances, it has gained greater importance than ever. Redefining the education pedagogy, the School had started Online Classes in the month of March, 2020. Embracing with ease the transition to the new way of learning, students of BBPS, Rohini exhibited the skills of resilience. Their enthusiasm was a motivation for rigorous planning to create effective teaching strategies.

In the light of the current crisis, the school will not reopen physically, however Online Classes will resume from 1 July 2020.

Keeping in mind the suggestions given by the parents and in the best interest of our students, a revised schedule has been chalked out for Asynchronous and Synchronous online teaching. All classes are being restructured to ensure active engagement of students and attainment of Learning Objectives. The first online class will commence with the school prayer and chanting of the Gayatri Mantra. Please find attached the Time Tables and the list of General Guidelines to be followed during online classes.

Seeking your cooperation to ensure that your ward attends all VCs under your supervision.

Regards

GEETA GANGWANI

Principal
