

Event : NEWS NOW

Subject : English & Performing Art

Class : II

Software : Any Movie Making Software

Theme : Impact of Coronavirus

No. of Participant: 1

Time Limit : 2 minutes

Rules

- ☑ The participant has to report News that includes International and National news on the current global situation.
- ☑ The participant has to record a movie clip of 2 minutes portraying as a News Reader.
- ☑ Suitable props / backdrop/ pictures or slides can be used.
- ☑ Video recording of News Report to be sent in mp4 format at the event mail Id at newsnow@rh.balbharati.org

Judgment Criterion

Voice modulation	Presentation	Content	Use of props
------------------	--------------	---------	--------------

Event Incharge

Ms Deepali Sharma 9811865552

Ms Monika Kukreja 9810014498

Event : THE WARRIOR ETHOS

Subject : EVS & Life Skills

Class : III

Software : Youtube shareable Link Public

Theme : Enact Like a Social Warrior

No. of Participant: 1

Time Limit : 1-2 minutes

Rules

- ☒ The participant will enact like a social warrior spreading a message about the social cause. The participant can also design some realistic product based purely on imagination and explain how it can be effectively used to curb the social problem.
- ☒ The enactment has to be recorded in a short video.
- ☒ Use of prop should be according to the message to be conveyed.
- ☒ Participant to wear suitable costume.
- ☒ You Tube sharable link (public) of the movie has to be sent on the event e-mail id at warrior_ethos@rh.balbharati.org

Judgment Criterion

Voice Modulation	Costume	Content & Originality	Overall Presentation
------------------	---------	-----------------------	----------------------

Event Incharge

Ms Poonam Malhotra 9811289997

Ms Meenu Sharma 9311445708

Event : RECKONING ECO QUIDDITY

Subject : Science & Maths

Class : IV-V

Software : Ms-PowerPoint

Theme : Exploring Eco system in the light of Maths

No. of Participant: 2 (One from each class)

Rules

- ☒ Explore any one ecosystem and collect information on its flora, fauna, climate, soil, topography etc. Find out how that eco system maintains balance of food, water and oxygen within it
- ☒ Tabulate and represent the data graphically. Pie charts are must.
- ☒ Include adverse effects of human activities and global climatic changes on that ecosystem and measures to combat destruction.
- ☒ Prepare a colourful power point presentation saved as ppsx slide show with background narration and music
- ☒ The project needs to get covered up within a limit of 15-20 slides. Mention your name, class, school name, topic etc. on the cover slide and index on next.
- ☒ The final presentation to be sent to the event mail Id at reckoning_eco_quiddity@rh.balbharati.org

Judgment Criterion

Research work and content	Presentation and Creativity	Relevance to the topic	Visual impact, innovation, and mathematical connection
---------------------------	-----------------------------	------------------------	--

Event Incharge

Ms Manisha Mathur 9312226770

Ms Arunima Gupta 8586091490

Event : CORONA CANTICLE

Subject : English & Performing Art

Class : VI-VIII

Software : Any Video Recorder cum Editor App

Theme : A Motivational Anthem/Song on Fight Against Covid19

No. of Participant: 2

Time Limit :2 minutes

Rules

- ☑ Each team comprising of two participants will record a motivating anthem or song on fight against Corona Virus.
- ☑ The lyrics should include Covid Terms like – Corona Virus, Lockdown, Essential Services Warriors, Quarantine, Isolation, Sanitization, and Stay at Home etc.
- ☑ The lyrics and tune of the song should be purely original and not copied from internet.
- ☑ The song should be in background of the video in audio format.
- ☑ The video should comprise of actual sights/images of Covid -19 picked from e –newspapers, screenshots of videos available on social media platforms /internet etc. depicting the scenario in various parts of the world.
- ☑ The video should begin with a cover shot with the caption of the song and #Together in Fight Against Corona. The name of the participants, class and name of the school should appear at the end of the video.
- ☑ Lyrics may be added as subtitles (optional).
- ☑ Any video recorder and editor app can be used for recording.

The video should be converted into You Tube format and the You Tube shareable link (public) of the same should be mailed to the event mail Id at corona_canticle@rh.balbharati.org

Judgment Criterion

ORIGINALITY	OVERALL VIDEO PRESENTATION	VIDEO CLARITY	RELEVANCE TO THE THEME
-------------	----------------------------	---------------	------------------------

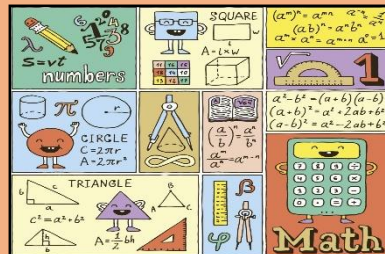

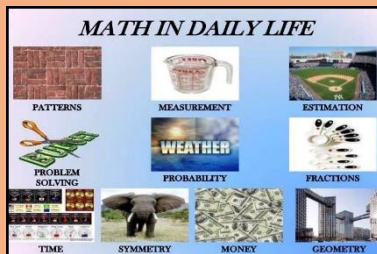

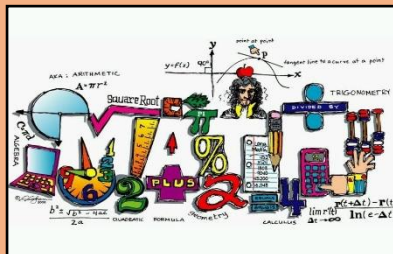

Event Incharge

Ms Purti Khanna 9250659972

Event : A DAY SPENT WITH MATHS

Subject : Mathematics & Life Skill

Class : VI-VIII

Theme : Story on Mathematics

No. of Participant: 1

Time Limit : 3-4 minutes

Rules

- ☒ The participant will prepare a video in- person (with audio) in the form of a story narrating on his/her experiences with mathematics in daily activities at home. The story to include any three of the following topics:
 - a) Mathematical shapes seen around
 - b) Area of the rooms
 - c) Net weight of groceries used
 - d) Nutritional information of products
 - e) Calculation involving Time and Money
 - f) Commercial Mathematics
- ☒ Props can be used.
- ☒ The video should show the description/name of the concept used.
- ☒ The video should be prepared in MP4 format only.
- ☒ The video should be recorded in good lighting with no noise in the background.
- ☒ The shareable link of the video should be sent to the event mail Id at day_with_maths@rh.balbhharati.org

Judgment Criterion

Creativity	Fluency & expressions	Content Delivery	Amalgam of Concepts
------------	-----------------------	------------------	---------------------

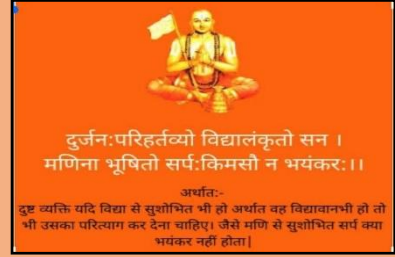

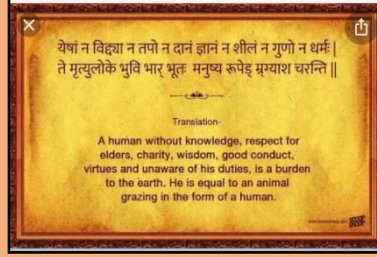

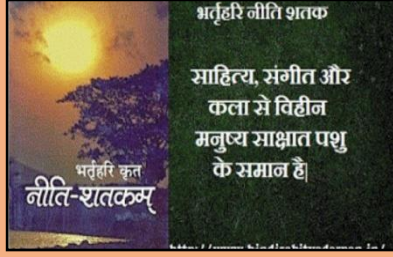

Event Incharge

Ms Shikha Chadha 9810481919

Event : SHLOK SINGING

Subject : Sanskrit & Performing Art

Class : VI-VIII

Software : Audio in MP3 Format

Theme : Shlokagaayan from 'Neetishatakam'

No. of Participant: 1

Time Limit : 4-5 minutes

Rules

- ☑ The participant will sing Shlokas from 'Neetishatakam' of Mahaakavi Bhartrihari
- ☑ The Shlokagaayan will be purely based on CHHAND (it should not be inspired from any Bollywood song).
- ☑ The recorded audio should be sent in MP3 format to the event mail Id at shlok_singing@rh.balbhharati.org

Judgment Criterion

Content & Accuracy	Voice Modulation	Pronunciation & Melody	Overall Presentation
--------------------	------------------	------------------------	----------------------

Event Incharge

Ms Manju Mahra 9818484110

Event : CALENDAR MACHEN

Subject : German & Art

Class : VI-VIII

Software : Microsoft Publisher

Theme : Festivals celebrated in Germany

No. of Participant: 3 (One from each class)

Rules

- ☒ The participant will design a Calendar highlighting the festival celebrated in Germany.
- ☒ Short description of the festivals to be written in German language.
- ☒ The Calendar should not exceed more than 4 pages.
- ☒ Make a pdf file of the Calendar.
- ☒ The entries to be sent on the event mail Id at calender_machen@rh.balbharati.org

Judgment Criterion

Language Accuracy	Creativity	Design & Presentation	Originality and Composition
-------------------	------------	-----------------------	-----------------------------

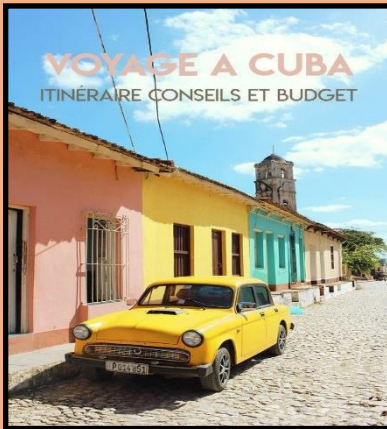

Event Incharge

Ms Parul Malhotra 8285763433

Event: CRÉER UNE AFFICHE (EN LIGNE)

Subject : French & Art

Class : VI-VIII

Software : MS-POWERPOINT / Any Designing Software

Theme : créer une affiche sur la culture française et la culture indienne (en ligne)

No. of Participant : 3 (One from each class)

Rules

- ✓ The participants have to create a poster on one of the above mentioned themes.
- ✓ Give the brief description about the culture in French language only (2-3 lines maximum)
- ✓ The poster should be creative and colourful.
- ✓ The poster should be submitted in a PDF File on the event mail Id at

creer_un_blog@rh.balbharati.org

Judgment Criteria

Content	Language accuracy	Creativity	Design and Presentation
---------	-------------------	------------	-------------------------

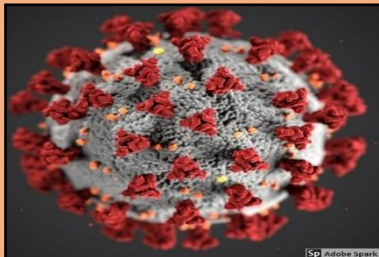

Event Incharge

Ms. Tamanna Malik: 9891387179

Event : SCIENCE LAND

Subject : Science

Class : VI-VIII

Software : Powtoon/Biteable/Animaker or any other animation software

Theme : Biochemistry in Corona Virus

No. of Participant: 2

Time Limit : 2-3 minutes

Rules

- ☒ A team of two participants will design an **animated movie on** Covid-19 virus.
- ☒ The movie should not be of 2 - 3 min with a catchy title relevant to the theme.
- ☒ The movie should include the following: structure taxonomy, life cycle, genome ,evolution and the role of nanotechnology to combat the virus.
- ☒ The video to be submitted in MP4 format.
- ☒ The participants will upload the video on **Youtube**. Movie description should include the name of the school & event.
- ☒ Youtube shareable link (public) of the movie to be sent on event mail ID at science_land@rh.balbharati.org

Judgment Criterion

Creativity	Content	Technicality	Presentation
------------	---------	--------------	--------------

Event Incharge

Ms Sandhya Sachdev 9911154501

Event : EXPLORING HISTORY AT HOME

Subject : Social Studies & Heritage

Class : VI-VIII

Software : MP4 Format (Video)/ Any Movie Making Software

Theme : Home Museum

No. of Participant: 1

Time Limit : 1:30-2 minutes

Rules

- ☒ The participant to make a home museum by collecting old things available at home like old coins ,artefacts, painting , pictures ,books ,traditional clothes etc.
- ☒ Objects to be displayed with labels as presented in the museum.
- ☒ Acting as a guide, the participant should describe the objects displayed. The description to include: pictures of rulers and building during the time period ,their social and aesthetic value and the need to conserve them.
- ☒ The participant is to play a role of a guide and should explain things, artefacts, objects etc. placed in the museum.
- ☒ Video of the Home Museum with the name of the participant, school and event to be mailed in the MP4 format at the event mail ID at history_at_home@rh.balbhhararti.org

Judgment Criterion

Creativity and Innovation	Content	Relevance	Overall Presentation
---------------------------	---------	-----------	----------------------

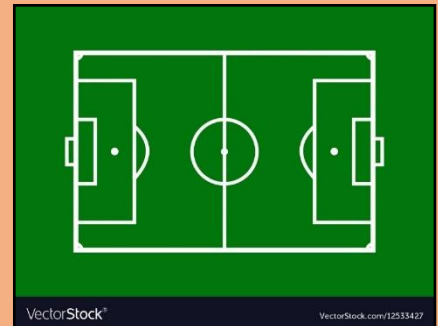

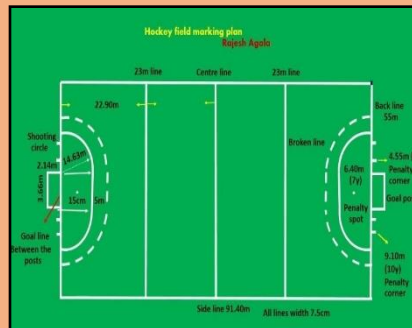

Event Incharge

Ms Anita Desal 9873417168

Event :TURFOGRAPHIA

Subject : Physical Education & Visual Art

Class : VI-VIII

Software : PowerPoint/Word/Animation

Theme : Layout of Sports Field

No. of Participant: 2

Rules

- Draw the layout of the field of your favourite team sport.
- Provide the basic layout, dimension/marketing plan and positioning of the players on the field and any other relevant details.
- The movie to be mailed at the event mail Id at turfographia@rh.balbharati.org

Judgment Criterion

Use of Graphic Content	Information Covered	Originality	Overall Presentation
------------------------	---------------------	-------------	----------------------

Event Incharge

Mr. Bikram Verma 9818223785

Event : TRAVELERY

Subject : English & Performing Art

Class : IX-X

Software : Microsoft Publisher (Recommended)

Theme : E-Travelogue

No. of Participant: 4 (2 each from both the classes)

Page Limit : 3-4 pages

Rules

- ☒ Participants will design an e -Travelogue using a software like Microsoft Publisher or another similar software.
- ☒ Participants are expected to bring to spotlight the lesser explored tourist places of Northern, Southern, Eastern and Western zones of India in a single travelogue.
- ☒ The description of places from each zone to be given in a poetic form.
- ☒ The content should be original.
- ☒ The e-travelogue should be mailed to the event mail Id at

travelery@rh.balbharati.org

Judgment Criteria

Content and Language	Creativity	Relevance to the Theme	Aesthetic Appeal
----------------------	------------	------------------------	------------------

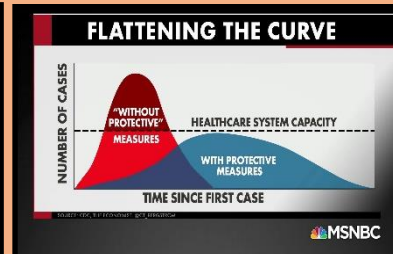

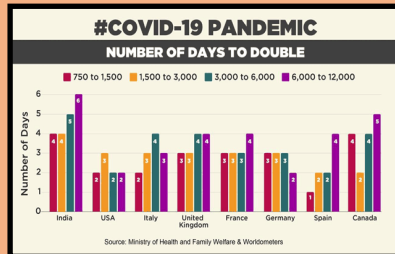

Event Incharge

Ms Surbhi Kathuria: 9811629028

Event : DATA DOES NOT LIE

Subject : Mathematics & Statistics

Class : IX-X

Software : Ms Excel , Ms Publisher

Theme : Graphical Comparisons

No. of Participants: 2

Rules

- ☒ A team of two students will prepare a poster showing the graphical comparison of Pandemic in India and two other countries.
- ☒ The graphs should be prepared in MS Excel.
- ☒ The poster should include data of the countries, colourful graphical illustrations like bar graph, histogram, line graphs etc. with titles.
- ☒ Make a pdf file of the poster in MS publisher compiling all the graphs.
- ☒ The pdf file to be sent to the event mail Id at data_does_not_lie@rh.balbharati.org

Judgment Criteria

Originality	Creativity	Adherence to the topic	Overall presentation
-------------	------------	------------------------	----------------------

Event Incharge

Ms. Shikha Chadha: 9810481919

Event : COMIC STRIP

Subject : Sanskrit & Art

Class : IX-X

Software : Any Software

Theme : Ekvinshee Shataabdee or Prayaasrato Hi

Vijeshyate

No. of Participant: 1

Rules

- ☒ The participant is required to make Comic strip on one of the above-mentioned topics.
- ☒ Each comic strip should contain 4-5 frames.
- ☒ Each frame should be designed on half of A-4 size sheet.
- ☒ The frame should contain appropriate illustrations and dialogues on the selected topic.
- ☒ The participant is required to send the Comic Strip as PDF format to the event mail Id at

comic_strip@rh.balbharati.org

Judgment Criteria

Creativity	Content	Originality	Design & Presentation
------------	---------	-------------	-----------------------

Event Incharge

Ms. Manju Mahra 9818484110

Event : SHOCKS OR STIMULITAION OF PANDEMIC

Subject : Social Science & Science

Class : IX-X

Software : Movie Making Through Video Maker and Video Editor

Theme : Picture the Pandemic

No. of Participant: 2

Time Limit : 3-4 minutes

Rules

- ☒ Students will collect information related to the last pandemic H1N1 2009 from Google, E-newspaper, e-magazines or any other relevant source.
- ☒ They need to cover socio-political and ecological aspects of pandemic.
- ☒ They need to collect details like how it occurred, how did it spread, what were the preventive measures taken, whether there was a vaccine or not, any lockdown and how did it affect people. Any retaliation against the lockdown etc.
- ☒ They need to correlate it with any specific city or country.
- ☒ They need to capture interviews from their family members as a part of the society.
- ☒ Add relevant sounds to the movie
- ☒ The Participants will upload the video on YOUTUBE Movie description should include school and event name.
- ☒ Youtube shareable link (public) of the movie to be sent on the event mail Id at shocks@rh.balbharati.org.

Judgment Criteria

Originality	Effective use of Resources	Relevance	Overall presentation
-------------	----------------------------	-----------	----------------------

Event Incharge

Ms. Anita Desal : 9873417168

Ms. Nalini Bhalla : 9818715707

Event : STORY OF PHYSICS IN EVERYDAY LIFE

Subject : Physics & Life Skills

Class : IX-XII

Software : Youtube Shareable Link (Public)

Theme : Appreciating Science during Lockdown

No. of Participant : 2

Time Limit : 1-2 minutes

Rules

- ☒ Each team has to shoot a video of something simple /some phenomenon or an everyday event displaying the rules/ phenomena of physics.
- ☒ The phenomena of physics chosen should be explained in a video.
- ☒ The video has to be original and recorded by the participant himself /herself.
- ☒ After uploading the video on YouTube the shareable link to be mailed to the event

mail at story_of_physics@rh.balbharati.org

Judgment Criteria

Innovation/Originality of the idea	Clarity of the video & audio	Visual appeal	Explanation of the concept.
------------------------------------	------------------------------	---------------	-----------------------------

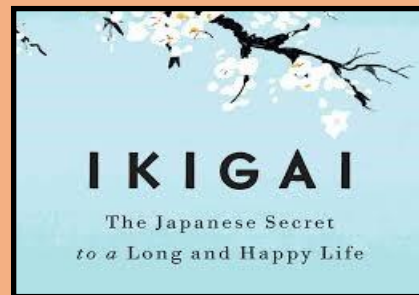

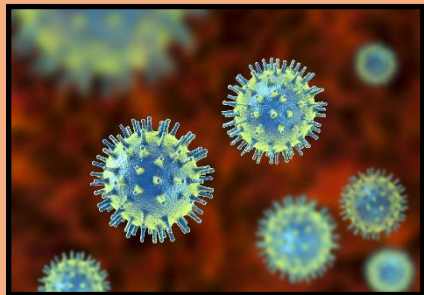

Event Incharge

Ms. Monika Sindhwani : 9811546736

Event : TWINNING THE TALE (Based on Terribly Tiny Tales)

Subject : English

Class : XI-XII

Software : Any Designing Software of Participant's Choice

Theme : Any of the given below

- *Empowered Women*
- *Finding my IKIGAI*
- *Romancing the Virus*

No. of Participant: 1 (from class XI/XII)

Word Limit : 100 words

Rules

- ☒ The participant is required to weave an original story in not more than 100 words with a suitable title other than the theme (theme is for deciding the plot) on any one of the theme listed above.
- ☒ No parts of the story/ the entire story should be copied from any source.
- ☒ The story should be supported with graphic designs.
- ☒ The page size for typing the story should be A4.
- ☒ The story along with graphics must be mailed in PDF Format to the event mail Id at twining_the_tale@rh.balbharati.org

Judgment Criteria

PLOT	PROTAGNIST	PRONOUNCEMENT/ LANGUAGE	PRESENTATION
------	------------	-------------------------	--------------

Event Incharge

Ms. Namrata Markan : 9811170379

Event : LABEL DESIGNING OF ECO FRIENDLY PRODUCT

Subject : Commerce & Art

Class : XI-XII

Software : Word/Powerpoint/Photoshop

No. of Participants: 2

Rules

- ☒ Select an Eco-friendly Product and design the label of that product in the form of 'jpeg image'.
- ☒ The Jpeg image can be created in Word, PowerPoint , Photoshop etc.
- ☒ The Label must provide the complete information about the product.
- ☒ The label can include images and text material.
- ☒ Send only one "jpeg image "of the label including both front and back of the label.
- ☒ The entries to be mailed to the event mail Id at label_designing@rh.balbharati.org

Judgment Criteria

Selection of the Product	Use of graphics	Content (Information provided)	Overall Presentation of the Label
--------------------------	-----------------	--------------------------------	-----------------------------------

Event Incharge

Ms. Kulvinder Kaur : 9810292444

Event : SPORTSCAST

Subject : Sports and Performing Art

Class : IX-X

Software : Audacity

Theme : Interview of a Sports Personality

No. of Participant: 2

Time Limit : 4 minutes

Rules

- ☒ Each team will present a Podcast of an interview of any sports personality.
- ☒ The Interview should be structured around the personal and professional life of the personality.
- ☒ The podcast should be in English.
- ☒ The podcast to be mailed to the Event mail Id at sportscast@rh.balbharati.org

Judgment Criteria

Clarity of voice	Research Work	content	Innovations
------------------	---------------	---------	-------------

Event Incharge

Mr. Bikram Verma: 9818223785

Event : MASTER OF TINKERCAD

Subject : S.T.E.A.M

Class : VII-X

Over the past few years ,3D modelling software has become Much more accessible to everyone. In the past, 3D modelling software would be 2 things – expensive and complicated. But thanks to companies like Tinkercad, we now have access to free and easy-to-use software that can be used in conjunction with affordable 3D printers to create novel designs. Does free and easy-to-use mean that complicated and functional models can't be created? Absolutely not! So choose one of the themes and Get, Set and Go.....

Software : Tinkercad

Theme : ATL Tinkerfest

No. of Participant: 1

Rules

- ☒ The student may choose any one of the following themes to create a 3 D design on Tinkercad.
 - Make it Move: The student needs to design something with functioning moving parts. It can be anything from fidget spinner to differential gear system; as long as it moves it counts.
 - Silly Solutions: Show us an example of how you identified a problem, or something broken, and used 3D design to create a fix. Either you fixed a broken door knob or made a charger cable protector, it should solve some problem around you.
 - STEM projects: Show us how you will explain a concept of Science using a model designed on Tinkercad.
- ☒ Make the design in the STL/OBJ format.
- ☒ Do not copy and paste 3 D designs from online sources.
- ☒ Student's name and school name should be present on the design.
- ☒ 3 D design model in STL/OBJ format along with write up has to be mailed. Please include the name of the student, class and school's name in the draft.
- ☒ The final entry to be sent to the event mail Id at masters_of_tinkercad@rh.balbharti.org

Judgment Criterion

DESIGNING SKILL	INNOVATION	EFFECTIVENESS	UTILITY
