## From The Principal's Desk

*“Success isn't always about greatness. It's about consistency. Consistent hard work leads to success.”*

*Dwayne Johnson*

To begin with, I would like to congratulate everyone for such an outstanding result of Classes XII and X for the session 2018-19. This success is an outcome of consistent hard work, persistence and commitment. My heartiest wishes to my dear students who have put in their sincere efforts and are self-motivated. I am so proud of their academic feat and hope that they reach higher peaks of glory in future and bring greater laurels. I would also like to congratulate the parents on such Superior Results and convey my heartfelt gratitude for supporting the school in all its endeavours and enterprises. Last and definitely not the least, the teachers who have been focused and have guided the students towards this achievement. Each member of BBPS, Rohini deserves a pat on the back for their contribution in the making of such an excellent result. Dear students, it is my earnest belief that success brings along the added responsibility to better it. The result of 2018-19 board exams is like our starting point for this ongoing session. We must aim higher for better results and, this is possible when we all are steadfast in our commitment to this goal. To all the students who wish to improve their performance, I would like to recommend a threefold plan. First of all, set SMART (Specific, Measurable, Achievable, Relevant and Timely) goals, work on your Time Management skills and be consistent in study patterns. No aim is too high and no goal impossible if we are committed and clear in our vision. I aspire to see the name of our school and its children written in glorious golden letters of distinction.

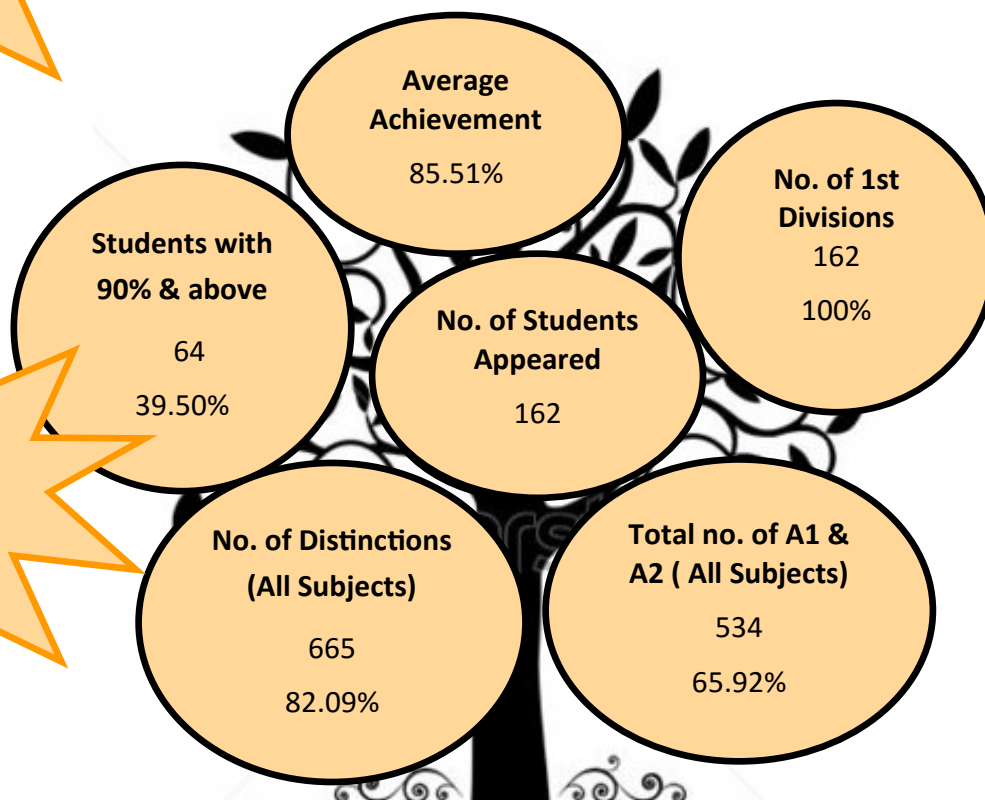

Wishing everyone best of Luck !

"There are no secrets to success. It is the result of preparation, hard work and learning from failures" Colin Powell. Khushi's words, from an appreciation to a pat on the back to a rebuke on my silly mistakes, I have taken it all as blessings from my teachers. I would also like to put forward my gratitude for my parents and friends who have always been there to keep my morale high and have been my backbone throughout the journey. All I want to say is that don't give up and keep your zeal high. When success comes to you, all that matters is the fact of coming this far. **Khushi Aggarwal XII C**

Being the school topper is one of the biggest achievement of my life. I am overwhelmed by the love and good wishes received from people around me. At this juncture, I want to express my heartfelt gratitude to my school, principal mam and all my teachers who supported me at all times. Also, a big thanks to my family and friends who helped me and encouraged me to give my best. The journey in school comes to an end but the sense of pride that the school kindles will stay with me forever. **Aaryansh Mohan Bansal XII A**

Scoring 96% feels really amazing because one truly feels overwhelmed when his/her hard-work pays off. I could score this percentage not just because of my consistent efforts but also because of the support and guidance of my teachers who kept me motivated throughout the year. I would also like to thank my parents and especially my father who literally considered my board exams to be as if it was his exams and being there with me whenever I was stressed or worried about my exams. **Sejal Gupta XII D**
